KARAGANDA • KAZAKHSTAN

Why Karaganda?

Karaganda city is certainly the ideal place to host Mining Week Kazakhstan exhibition. Its central location and the proximity of major enterprises of industry are the important criterion to many exhibitors and visitors for participation in the exhibition.

The share of industry in 2022 (9 months) accounted for 49.9% of the gross regional product. The volume of industrial production at the end of the year amounted to 3,841.9 billion tenge (3rd place in the Republic of Kazakhstan).

The Karaganda coal basin is the main supplier of coking coal for the metallurgical enterprises of Kazakhstan. There are large coal mining enterprises, machine-building, metalworking enterprises in the region, including ArcelorMittal Temirtau JSC, ShubarkolKomir JSC, Saryarka Energy LLP, Kazakhmys LLP, etc.

«Mining Week Kazakhstan» is the opportunity to:

- Acquire new and maintain existing business contacts
- Arrange supplies to Karaganda and other regions of Kazakhstan
- Increase sales volumes
- Evaluate competitors' activity
- Evaluate market demand and proposal
- Use efficiently your advertising budget

«Mining Week Kazakhstan» is the quality:

- International exhibition project, one of the recognized leaders both in Kazakhstan and at the international level.
- Support by the key industry ministries, associations and organizations.
- Organizers with the global name and many years' experience.
- UFI Approved Event mark evidences the high organizational level of the event, its effect on the business development and industry formation, as well as confirms the reliability of statistics.

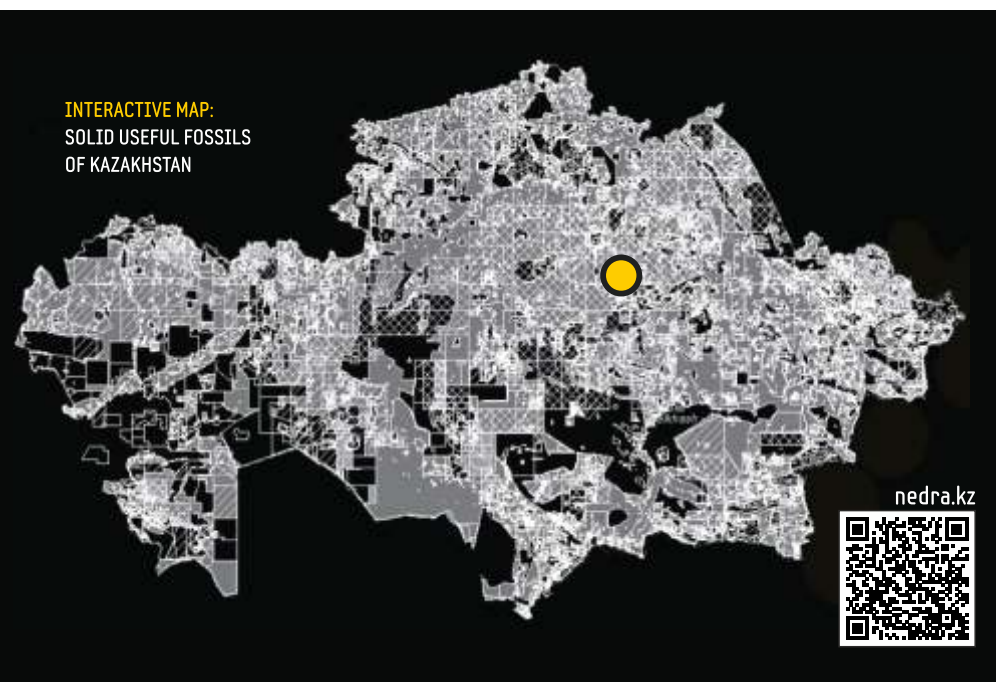

Karaganda region is one of the leading industrial regions of the country.

Resources reserve in the territory of the region

100%	of the country's manganese
36%	of copper
80%	of tungsten
64%	of molybdenum
54%	of lead
40%	of coal
100%	of coking coal reserves

In the southwestern part of the region, 3 oil and gas fields have been discovered - Kumkol, Kumkol South and Maibulak.
